PLANNER GROUP®

PLANNER GROUP®

Planner Group® is the most famous unit-form furniture collection ever offered to American homemakers! Its clean architectural lines, utter simplicity of assembly, and versatility of creative use have won universal acceptance.

Constructed of fine walnut and other hardwoods, in dull-lustre oil finish, Planner achieves its multiple functions in many areas with design distinction and refinement.

Assemblages for bedroom, living room, dining room, as well as youth rooms, family rooms and studies, can be created by the imaginative use of Planner units.

Arrangements are unlimited, but we offer in this brochure some interesting wall groups . . . and a dimensional chart of all Planner pieces . . . to assist you in planning with "Planner".
